0. Introduction

This is a call for proposals for EU **action grants** under the Culture strand of the **Creative Europe Programme**.

The regulatory framework for this EU Funding Programme is set out in:

- Regulation 2024/2509 ([EU Financial Regulation](#))¹
- the basic act (Creative Europe Regulation [2021/818](#)²).

The call is launched in accordance with the 2025 Work Programme³ and will be managed by the **European Education and Culture Executive Agency (EACEA)** ('Agency').

 Please note that this call is subject to the final adoption of the budget by the EU budgetary authority. In case there are substantial changes, we may have to modify the call (or even cancel it).

The call covers the following **topics**:

- **CREA-CULT-2025-COOP-1 – European Cooperation Projects (Small Scale)**
- **CREA-CULT-2025-COOP-2 – European Cooperation Projects (Medium Scale)**
- **CREA-CULT-2025-COOP-3 – European Cooperation Projects (Large Scale)**

Each project application under the call must address only one of these topics. Applicants cannot submit more than one proposal under this call.

We invite you to read the **call documentation** on the carefully, and in particular this Call Document, the Model Grant Agreement, the [EU Funding & Tenders Portal Online Manual](#) and the [EU Grants AGA – Annotated Grant Agreement](#).

These documents provide clarifications and answers to questions you may have when preparing your application:

¹ Regulation (EU, Euratom) 2024/2509 of the European Parliament and of the Council of 23 September 2024 on the financial rules applicable to the general budget of the Union (recast) ('EU Financial Regulation') (OJ L, 2024/2509, 26.9.2024).

² Regulation (EU) 2021/818 of the European Parliament and of the Council of 20 May 2021 establishing the Creative Europe Programme (2021 to 2027) (OJ L 189/34, 28.5.2021).

³ Commission Implementing Decision C(2024)6503 amending Implementing Decision C(2021) 3563 on the financing of the Creative Europe Programme for 2021-2027 and the adoption of the work programmes for 2021-2024

- the [Call Document](#) outlines the:
 - background, objectives, scope, activities that can be funded and the expected results (sections 1 and 2)
 - timetable and available budget (sections 3 and 4)
 - admissibility and eligibility conditions (including mandatory documents; sections 5 and 6)
 - criteria for financial and operational capacity and exclusion (section 7)
 - evaluation and award procedure (section 8)
 - award criteria (section 9)
 - legal and financial set-up of the Grant Agreements (section 10)
 - how to submit an application (section 11)
- the [Online Manual](#) outlines the:
 - procedures to register and submit proposals online via the EU Funding & Tenders Portal ('Portal')
 - recommendations for the preparation of the application
- the [AGA — Annotated Grant Agreement](#) contains:
 - detailed annotations on all the provisions in the Grant Agreement you will have to sign in order to obtain the grant (*including cost eligibility, payment schedule, accessory obligations, etc*).
- the [How to manage your lump sum grants](#) outlines:
 - detailed information to help applicants and beneficiaries submit their lump sum proposals and manage their lump sum grants in EU funding programmes.

You are also encouraged to visit the [EU Funded projects | EU Funding & Tenders Portal \(europa.eu\)](#) to consult the list of projects funded previously.

1. Background

Creative Europe brings together actions supporting the European cultural and creative sectors.

The term '**cultural and creative sectors**' means all sectors whose activities are based on cultural values or artistic and other individual or collective creative expressions. The activities may include the development, the creation, the production, the dissemination and the preservation of goods and services, which embody cultural, artistic, or other creative expressions, as well as education or management, related to these activities. Those sectors include, inter alia, architecture, archives, libraries and museums, artistic crafts, audio-visual (including film, television, video games and multimedia), tangible and intangible cultural heritage, design (including fashion design), festivals, music, literature, performing arts, books and publishing, radio, and visual arts.

The **general objectives of the Programme** are:

- to safeguard, develop and promote European cultural and linguistic diversity and heritage.

- to increase the competitiveness and the economic potential of the cultural and creative sectors, in particular the audio-visual sector.

The objectives of the Programme take into account the dual nature of the cultural and creative sectors, recognising, on the one hand, the intrinsic and artistic value of culture and, on the other, the economic value of those sectors, including their broader contribution to growth and competitiveness, creativity and innovation. The objectives are pursued in a way that encourages inclusion, equality, diversity and participation, including, where appropriate, specific incentives that encourage the active participation in the cultural and creative sectors of people with disabilities, people belonging to minorities and people belonging to socially marginalised groups, including both the creative process and audience development; and gender equality, in particular as a driver of economic growth, innovation and creativity.

EU values being at the core of the EU programmes, beneficiaries and activities implemented within actions of the Creative Europe Programme have to respect the EU values, as reflected in Article 2 of the Treaty on European Union, and the rights and principles enshrined in the Charter of Fundamental Rights of the European Union, particularly Article 21: respect of human dignity, freedom, democracy, equality, rule of law, respect for human rights, non-discrimination based on sex, race, ethnic or social origins, genetic features, language, religion or belief, political or any other opinion, membership of a national minority, property, birth, disability, age or sexual orientation.

Policy framework

Europe faces an unprecedented combination of challenges and opportunities: geopolitical instability and EU enlargement, the autonomy of industry and the single market, digital transformation, contributing to environmental sustainability, upholding democracy and rule of law including media freedom and pluralism, and inclusion. The cultural and creative sectors are uniquely placed to contribute to addressing these challenges and tapping into these opportunities, whilst at the same time being affected by them.

Creative Europe will continue to support and underpin policy initiatives that are relevant to the cultural, creative, and audiovisual sectors.

The Programme remains fully aligned with the overarching objectives of the Commission's 2018 [New European Agenda for Culture](#) and with the priorities and corresponding actions identified in the [EU Work Plan for Culture 2023-2026](#). Building on the legacy of the European Year of Youth 2022, the Programme will continue to support cultural initiatives that engage, connect and empower young people, either as audience and/or as emerging artists.

The actions of the Programme will as well contribute to the implementation of the high-level initiatives such as the European Green Deal and the New European Bauhaus.

The [European Parliament own-initiative report on the implementation of the Creative Europe Programme 2021-2027](#), that positively assesses the Programme's effective implementation in 2021 and 2022 and its impact on the cultural and creative sectors, highlights the relevance of the Programme which attracts a high number of actors of the cultural and audiovisual sectors⁴.

⁴ European Parliament resolution of 16 January 2024 on the implementation of the Creative Europe Programme 2021-2027 (2023/2003(INI)): [Texts adopted - Implementation of the Creative Europe programme 2021-2027 - Tuesday, 16 January 2024 \(europa.eu\)](#)

In line with the European Parliament own-initiative legislative report 'EU framework for the social and professional situation of artists and workers in the cultural and creative sectors' of 21 November 2023, further activities, such as thematic workshops, a platform on artists' and creative professionals' working conditions will be pursued and give insights on this question⁵.

CREATIVE EUROPE CONTRIBUTION TO OVERARCHING EU PRIORITIES

Projects financed under Creative Europe will contribute to the green and digital transitions and to strengthening social and economic resilience, by integrating these dimensions alongside the content creation and distribution.

Creative Europe contribution to the EU Greening efforts

In 2025, the Commission will continue looking into ways how environmental, sustainable, and proportional measures are effectively and efficiently introduced in Creative Europe actions, addressing the objectives of the European Green Deal, while respecting the core values of the Programme. The results of the study "[Greening the Creative Europe programme](#)", published in May 2023, may serve as an inspiration for culture and creative stakeholders.

This is aligned with the EU Work Plan for Culture 2023-2026 highlighting the need to stimulate the green transition of the cultural and creative sectors and providing for corresponding actions, including the set-up of an Open Method of Coordination (OMC) group of experts from both cultural and environmental-climate policies, which is expected to produce recommendations by the end of 2025.

The network of Green Contact Points in Creative Europe Culture Desks, recently launched, was set up to help all stakeholders engaged in the implementation of the Culture strand of the Programme to strengthen their capacity in this respect.

Furthermore, in line with the European Green Deal and Creative Europe's ambition to support environmentally sustainable cultural practices as outlined in the study "[How Creative Europe aims to go green](#)", the European Commission has published a new document focused on the [quality assessment of green aspects in Creative Europe \(Culture Strand\) projects](#). This document offers valuable guidance for both applicants and evaluators, covering key concepts, essential questions, and basis to assess environmental sustainability aspects included in projects.

Inclusion and gender equality

Gender equality and social inclusion remain at the heart of the Creative Europe Programme, meaning that funded projects must address those topics in the design and implementation phases. In the assessment of proposals across all actions, a special focus is placed on the strategies put forth by applicants to guarantee social inclusion and gender balance.

The Programme aligns with the European Commission's Strategy for the Rights of Persons with Disabilities 2021-2030 and the Gender Equality Strategy spanning from 2020 to 2025. This commitment is reflected in various policy initiatives outlined in the

⁵ European Parliament resolution of 21 November 2023 with recommendations to the Commission on an EU framework for the social and professional situation of artists and workers in the cultural and creative sectors (2023/2051(INL)): [2023/2051\(INL\) - 21/11/2023 - EU framework for the social and professional situation of artists and workers in the cultural and creative sectors \(europa.eu\)](#)

2018 New European Agenda for Culture, the Council's 2019–2022 and 2023–2026 Work Plans for Culture.

In this way, projects under the Creative Europe Programme will contribute to the [Commission equality strategies under the Union of Equality initiative](#), on gender equality, anti-racism and fighting antisemitism, Roma strategic framework for equality, inclusion and participation, LGBTIQ equality and rights of persons with disabilities.

Digital transition

The way in which cultural content is created, produced, distributed, and disseminated is increasingly digital.

The acceleration in generative Artificial Intelligence applications has raised new opportunities as well as concerns. In particular, it is of utmost importance that the training and deployment of these models is carried out in full respect of copyright. The provisions included in the [Artificial Intelligence Act](#) will support the enforcement of the EU copyright rules for the training of general-purpose AI models and will increase transparency about the training content. Furthermore, AI generated content will have to be labelled as such.

Meanwhile, artists, cultural professionals and creative companies and organisations need to position themselves to be ready to take advantage of the new opportunities for AI.

Stakeholders have highlighted how AI and data are facilitating new ways of creation, opening new markets and influencing the entire value chain e.g. transforming the creation, production, promotion, distribution and dissemination of content. There are also concerns related to the potential impact of automation and AI on jobs and skills, fairness and cultural diversity. Creative Europe funding, in particular on European Cooperation, skills and talent, innovative tools and cross-sectoral collaboration will be a catalyst for the sector to take up this technology.

Creative Europe will continue to support projects to accelerate the digital transition, to leverage the role that artists, creative and cultural professionals may play in shaping a fair and ethical digital environment aligned with European values and to foster innovative formats and experiences, tools, and applications.

The Programme will also be implemented in line with the values enshrined in the declaration on European Digital rights and principles declaration, which promotes a sustainable, human-centric vision for the digital transformation.

International relations

Following the Russian's war of aggression against Ukraine, Creative Europe launched specific actions to respond to the needs of Ukrainian cultural and creative sectors. These actions helped Ukrainian organisations to continue creating and showcasing Ukrainian culture, addressing the need of Ukrainians to have access to culture and of the cultural heritage to be preserved. In 2025, Creative Europe will continue supporting Ukrainian artists and cultural operators to showcase their work and support the Ukrainian displaced population in accessing culture in these extremely challenging times. The participation of Ukrainian organisations is also specifically encouraged for the following calls: "Circulation of European Literary Works"; "European Cooperation Projects".

Culture strand priorities

More specifically, projects supported by the Creative Europe Programme through its Culture strand will foster transnational cooperation among cultural and creative organisations and allow for the circulation and visibility of European works and the

mobility of professionals of the cultural and creative sectors. At the same time, the Creative Europe Programme will encourage capacity-building within the European cultural and creative sectors and enhance their capacity to nurture talent, to innovate, to prosper and generate jobs and growth.

Furthermore, the Creative Europe Culture strand will continue to support societal resilience and enhancement of social inclusion in and through culture as well as democratic participation for all, including for people with disabilities, people belonging to minorities and people belonging to socially marginalised groups, as well as intercultural dialogue. In addition, the Creative Europe Culture strand will continue to support citizens' democratic participation via cultural activities as the correlation between the two notions was highlighted in the ['Culture and Democracy' report](#), published by the European Commission in 2023.

2. Objectives – Themes and priorities – Activities that can be funded – Expected impact

This section is applicable to the three topics (categories of projects) covered by this call:

- **CREA-CULT-2025-COOP-1 – European Cooperation Projects (Small Scale)**
- **CREA-CULT-2025-COOP-2 – European Cooperation Projects (Medium Scale)**
- **CREA-CULT-2025-COOP-3 – European Cooperation Projects (Large Scale)**

Objectives

The action European Cooperation Projects supports projects involving organisations in the cultural and creative sectors of all sizes, including micro-organisations and small-sized organisations, and from different countries to undertake sectoral or cross-sectoral activities.

The action is anchored in the policy framework of the **Culture strand** of the Creative Europe Programme and the EU Overarching Priorities (EU greening efforts, inclusion and gender equality, digital transition and international relations). European Cooperation Projects are also designed to contribute to the implementation of emerging EU policy initiatives such as the New European Bauhaus.

Support will be given to cooperation projects contributing to only **one** of the following objectives:

Objective 1 - Transnational creation and circulation: to strengthen the transnational creation and circulation of European works and artists.

Transnational creation and circulation are important for the advancement of collaborations, increased outreach and in many cases necessary for the viability and development of cultural organisations, institutions and individuals. Co-production is also a tool to stimulate creativity, share resources and facilitate the trans-national distribution of content and the circulation of artists. Projects will consider the new context such as health or environmental concerns and integrate innovative (digital) ways of producing and disseminating content.

Objective 2 – Innovation: to enhance the capacity of European cultural and creative sectors to nurture talents, to innovate, to prosper and to generate jobs and growth.

Projects responding to this objective should be of **capacity-building** nature, which can be of technological and/or artistic nature and may include the development and experimentation of new practices or models, as well as the transfer and dissemination of innovative practices.

Areas of innovation can encompass a social or societal dimension such as: audience engagement/development, gender equality, the inclusion of people with disabilities, people belonging to minorities and people belonging to socially marginalised groups, fighting climate change, digitisation, etc. as well as culture's contribution to health and well-being, especially mental health, given the existing evidence and the persisting mental health crisis affecting in particular the youth.

In Part C of the online application form, applicants must identify and select which of the two above-mentioned objectives (Objective 1 or Objective 2) the proposed project aims to address. This selection needs to be made even if a project could be relevant for both objectives.

Applicants must describe in the application form (section 1.1 of the Technical Description - Part B), how the project addresses **only** the **objective selected**.

The extent to which the project addresses the **objective selected** and its **cross-border cooperation dimension**, will be assessed under the award criterion "Relevance". See Section 9 (Award criteria) of this document.

Themes and priorities (scope)

In addition to choosing one of the objectives referred to above, projects must address the EU Overarching Priorities (as described in section 1-Background). Applicants must describe in the application how the project will contribute to these priorities.

Importantly, proposals are expected to present a clear **cross-border cooperation dimension** as this is at the core of the European Cooperation Projects. The quality of cooperation, including the history of collaboration between organisations and the integration of new organisations in a partnership are key aspects of European Cooperation Projects. The cooperation dimension will allow the action to foster transnational collaboration among cultural and creative organisation and enable the circulation and visibility of European works and the mobility of professionals of the cultural and creative sectors.

At the same time, the action will continue to support Ukrainian artists and cultural operators to showcase their work and support the Ukrainian displaced population in accessing culture in these challenging times. The participation of Ukrainian organisations is encouraged and will reinforce the preparation for the post-war recovery of the cultural and creative sectors.

Activities that can be funded (scope)

Proposals must include activities in line with the objectives of the call.

The proposed activities must be grouped (in the application form) in coherent Work Packages (i.e. major sub-division of the project) which will be linked to pre-defined deliverables. All deliverables must illustrate the scope, reach, progress and success of the proposed activities. Depending on the focus of the project (to co-produce, cooperate, experiment, innovate, etc.), activities eligible for funding may be very diverse. Examples of work packages, activities and deliverables can be found in section 10 of this document.

European Cooperation Projects are open to all the cultural and creative sectors. However, considering that this action aims to pursue the objectives of the Culture strand of the Programme, projects involving exclusively organisations from the audio-

visual sector and projects of a predominantly audiovisual content are out of scope for this call and therefore are not eligible for funding under it.

The **quality of the proposed activities** and **Work Packages** (as outlined in the Technical Description - Part B) will be assessed under the award criterion “Quality of content and activities”. For more details, please refer to section 9 (Award criteria) of this document.

Expected impact

The action European Cooperation Projects fosters **transnational cooperation** and **exchanges** between organisations active in the culture field, to increase the European dimension of creation and circulation of European artistic content as well as to encourage the development, experimentation, dissemination or application of new and innovative practices. Transnational cooperation and exchanges are expected to benefit the professionals and the cultural and creative sectors in the Creative Europe Programme participating countries.

This action is expected to support at least 130 projects.

Dissemination and exploitation of project results

Dissemination and exploitation of results are crucial areas of the Creative Europe project lifecycle. They give participating organisations the opportunity to communicate and share outcomes and deliverables, thus extending the impact of their projects beyond the projects themselves, improving their sustainability and justifying the European added value.

To successfully disseminate and exploit project results, organisations involved in Creative Europe Projects are asked to give the necessary thought to dissemination and exploitation activities when designing and implementing their project. The level and intensity of such activities should be proportionate to the objectives, the scope and the targets of the different actions of Creative Europe. Results achieved in a particular project may be highly relevant and interesting also in fields not covered by the project, and it is up to the individual projects to develop strategies and methods ensuring that others can easily access what has been developed and produced.

3. Available budget

The estimated available call budget is **EUR 59.979.335**.

Specific budget information per topic can be found in the table below:

Topic	Topic budget
1 — European Cooperation Projects (Small Scale)	EUR 20.992.767
2 — European Cooperation Projects (Medium Scale)	EUR 20.992.767
3 – European Cooperation Projects (Large Scale)	EUR 17.993.801

The availability of the call budget still depends on the final adoption of the budget 2025 by the EU budgetary authority.

We reserve the right not to award all available funds or to redistribute them between the call priorities, depending on the proposals received and the results of the evaluation.

4. Timetable and deadlines

Timetable and deadlines (indicative)	
Call opening:	10 December 2024
<u>Deadline for submission:</u>	<u>13 May 2025 – 17:00:00 CET</u> (Brussels)
Evaluation:	June-August 2025
Information on evaluation results:	October 2025
GA signature:	January 2026

5. Admissibility and documents

Proposals must be submitted before the **call deadline** (see *timetable section 4*).

Proposals must be submitted **electronically** via the Funding & Tenders Portal Electronic Submission System (accessible via the Topic page in the [Search Funding & Tenders](#) section. Paper submissions are NOT possible.

Proposals (including annexes and supporting documents) must be submitted using the forms provided **inside** the Submission System (⚠ NOT the documents available on the Topic page — they are only for information - and not those used for previous calls).

Proposals must be **complete** and contain all the requested information and all required annexes and supporting documents:

- Application Form Part A — contains administrative information about the participants (future coordinator, beneficiaries and affiliated entities) and the summarised budget for the project (*to be filled in directly online*)
- Application Form Part B — contains the technical description of the project (*to be downloaded from the Portal Submission System, completed and then assembled and re-uploaded*)
- Part C — contains additional project data and the project’s contribution to EU programme key performance indicators (*to be filled in directly online*)
- **mandatory annexes and supporting documents** (*templates available to be downloaded from the Portal Submission System, completed, assembled and re-uploaded*):
 - detailed budget table
 - list of previous projects (key projects for the last 4 years) (*template available in Part B*)

Please be aware that since the detailed budget table serves as the basis for fixing the lump sums for the grants (and since lump sums must be reliable proxies for the actual costs of a project), the costs you include **MUST** comply with the basic eligibility

conditions for EU actual cost grants (see [AGA – Annotated Grant Agreement, art 6](#)) and must be clearly linked to the activities included in the work packages. This is particularly important for purchases and subcontracting, which must comply with best value for money (or if appropriate the lowest price) and be free of any conflict of interests. If the budget table contains ineligible costs, the grant may be reduced (even later on during the project implementation or after their end).

At proposal submission, you will have to confirm that you have the **mandate to act** for all applicants. Moreover, you will have to confirm that the information in the application is correct and complete and that the participants comply with the conditions for receiving EU funding (especially eligibility, financial and operational capacity, exclusion, etc). Before signing the grant, each beneficiary and affiliated entity will have to confirm this again by signing a declaration of honour (DoH). Proposals without full support will be rejected.

Your application must be **readable, accessible and printable** (please check carefully the layout of the documents uploaded).

Proposals are limited to maximum **50 pages** (Part B). Evaluators will not consider any additional pages.

You may be asked at a later stage for further documents (*for legal entity validation, financial capacity check, bank account validation, etc*).

 For more information about the submission process (including IT aspects), consult the [Online Manual](#).

6. Eligibility

Applications will only be considered eligible if their content corresponds wholly (or at least in part) to the topic description for which they are submitted.

Eligible participants (eligible countries)

In order to be eligible, the applicants (beneficiaries and affiliated entities) must:

- be legal entities (public or private bodies)
- be established in one of the eligible countries, i.e.:
 - Creative Europe Participating Countries:
 - EU Member States (including overseas countries and territories (OCTs))
 - non-EU countries:
 - listed EEA countries and countries associated to the Creative Europe Programme ([list of participating countries](#))

Beneficiaries and affiliated entities must register in the [Participant Register](#) – before submitting the proposal – and will have to be validated by the Central Validation Service (REA Validation). For the validation, they will be requested to upload documents showing legal status and origin.

Other entities may participate in other consortium roles, such as associated partners, subcontractors, third parties giving in-kind contributions, etc (*see section 13*).

Specific cases

Natural persons — Natural persons are NOT eligible (with the exception of self-employed persons, i.e. sole traders, where the company does not have legal personality separate from that of the natural person).

International organisations — International organisations are eligible. The rules on eligible countries do not apply to them.

Entities without legal personality — Entities which do not have legal personality under their national law may exceptionally participate, provided that their representatives have the capacity to undertake legal obligations on their behalf, and offer guarantees for the protection of the EU financial interests equivalent to that offered by legal persons⁶.

EU bodies — EU bodies (with the exception of the European Commission Joint Research Centre) can NOT be part of the consortium.

Associations and interest groupings — Entities composed of members may participate as 'sole beneficiaries' or 'beneficiaries without legal personality'⁷. ⚠ Please note that if the action will be implemented by the members, they should also participate (either as beneficiaries or as affiliated entities, otherwise their costs will NOT be eligible).

Creative Europe Desks (CEDs) — The host organisations of Creative Europe Desks are eligible as coordinator or beneficiary in open calls, if they have procedures to segregate the project management and the information provision functions and if they are able to demonstrate cost separation (i.e. that their project grants do not cover any costs which are covered by their other grant). This requires the following:

- use of analytical accounting which allows for a cost accounting management with cost allocation keys and cost accounting codes AND application of these keys and codes to identify and separate the costs (i.e. to allocate them to either one of the two grants)
- recording of all real costs incurred for the activities that are covered by the two grants (including the indirect costs)
- allocation of the costs in a way that leads to a fair, objective and realistic result.

Countries currently negotiating association agreements — Beneficiaries from countries with ongoing negotiations for participation in the programme (*see list of participating countries above*) may participate in the call and can sign grants if the negotiations are concluded before grant signature and if the association covers the call (i.e. is retroactive and covers both the part of the programme and the year when the call was launched).

EU restrictive measures — Special rules apply for certain entities (*e.g. entities subject to [EU restrictive measures](#) under Article 29 of the Treaty on the European Union (TEU) and Article 215 of the Treaty on the Functioning of the EU (TFEU)*⁸). Such entities are not eligible to participate in any capacity, including as beneficiaries, affiliated entities, associated partners, subcontractors or recipients of financial support to third parties (if any).

 For more information, see [Rules for Legal Entity Validation, LEAR Appointment and Financial Capacity Assessment](#).

⁶ See Article 200(2)(c) EU Financial Regulation [2024/2509](#).

⁷ For the definitions, see Articles 190(2) and 200(2)(c) EU Financial Regulation [2024/2509](#).

⁸ Please note that the EU Official Journal contains the official list and, in case of conflict, its content prevails over that of the [EU Sanctions Map](#).

Consortium composition

Proposals must be submitted by a consortium of at least 3, 5 or 10 applicants (beneficiaries; not affiliated entities), which complies with the following conditions:

- CREA-CULT-2025-COOP-1 European Cooperation Projects (Small Scale): minimum 3 independent entities from 3 different eligible countries
- CREA-CULT-2025-COOP-2 European Cooperation Projects (Medium Scale): minimum 5 independent entities from 5 different eligible countries
- CREA-CULT-2025-COOP-3 European Cooperation Projects (Large Scale): minimum 10 independent entities from 10 different eligible countries
- other conditions:
 - The coordinator must have had a legal existence for at least 2 years on the date of the deadline for submission
 - An organisation, as identified by their valid PIC number, can only participate **once** as coordinator under the call, regardless of the topics chosen (COOP 1, 2 or 3)
 - An organisation, as identified by their valid PIC number, can be part of a **maximum of 3 applications** submitted in this call, whether as coordinator and/or partner (including associated partner and affiliated entity) regardless of the topics chosen (COOP 1, 2 or 3).

Should an organisation participate in more than 3 applications, all applications will be assessed without the participation of that organisation. If, as a result, an application does not meet the eligibility criterion related to the Consortium composition without this organisation, the application concerned will be considered ineligible.

Project coordinators and partners are responsible for ensuring that none of the members of their consortia participates in more than 3 applications in the call.

Eligible activities

Eligible activities are the ones set out in section 2 above.

Projects must comply with EU policy interests and priorities. Projects must also respect EU values and European Commission policy regarding reputational matters (e.g. activities involving capacity building, policy, support, awareness rising, communication, dissemination, etc).

Financial support to third parties is allowed for grants or similar forms of support and prizes under the following conditions:

- the calls must be open, published widely and conform to EU standards concerning transparency, equal treatment, conflict of interest and confidentiality
- the calls must remain open for at least two months
- the outcome of the call must be published on the participants' websites, including a description of the selected projects, award dates, project durations, and final recipient legal names and countries
- the calls must have a clear European dimension.

Financial support to third parties will be accepted in projects which for example foresee the award of grants (such as talent development bursaries) following an open call or of prizes following an open competition, to culture professionals/artists/innovators to co-produce, innovate and build their capacities.

Your project application must clearly specify why financial support to third parties is needed, how it will be managed and provide a list of the different types of activities for which a third party may receive financial support. The proposal must also clearly describe the results to be obtained.

Duration

Projects should not normally exceed **48** months.

Extensions are possible, if duly justified and through an amendment.

Ethics and EU values

Projects must comply with:

- highest ethical standards and
- applicable EU, international and national law.

They may not include pornographic or racist material or advocate violence.

7. Financial and operational capacity and exclusion

Financial capacity

Applicants must have **stable and sufficient resources** to successfully implement the projects and contribute their share. Organisations participating in several projects must have sufficient capacity to implement all these projects.

The financial capacity check will be carried out on the basis of the documents you will be requested to upload in the [Participant Register](#) during grant preparation (*e.g. profit and loss account and balance sheet, business plan, audit report produced by an approved external auditor, certifying the accounts for the last closed financial year, etc*). The analysis will be based on neutral financial indicators, but will also take into account other aspects, such as dependency on EU funding and deficit and revenue in previous years.

The check will normally be done for all coordinators, except:

- public bodies (entities established as public body under national law, including local, regional or national authorities) or international organisations
- entities active in cultural and creative sectors that have received over 50% of their annual revenue from public sources over the last two years
- if the project requested grant amount is not more than EUR 60 000.

If needed, it may also be done for affiliated entities.

If we consider that your financial capacity is not satisfactory, we may require:

- further information
- an enhanced financial responsibility regime, i.e. joint and several responsibility for all beneficiaries or joint and several liability of affiliated entities (*see below, section 10*)

- prefinancing paid in instalments
 - (one or more) prefinancing guarantees (*see below, section 10*)
- or
- propose no prefinancing
 - request that you are replaced or, if needed, reject the entire proposal.

 For more information, see [Rules for Legal Entity Validation, LEAR Appointment and Financial Capacity Assessment](#).

Operational capacity

Applicants must have the **know-how, qualifications** and **resources** to successfully implement the projects and contribute their share (including sufficient experience in projects of comparable size and nature).

This capacity will be assessed together with the 'Project Management' award criterion, on the basis of the competence and experience of the applicant organisations and their project teams, including operational resources (human, technical and other) or, exceptionally, the measures proposed to obtain it by the time the task implementation starts.

If the evaluation of the award criterion is positive, the applicants are considered to have sufficient operational capacity.

Applicants will have to show their capacity via the following:

- general profiles (qualifications and experiences) of the staff responsible for managing and implementing the project
- description of the organisations in the consortium (the partnership)
- list of previous projects (key projects for the last 4 years; *template available in Part B*).

Additional supporting documents may be requested, if needed to confirm the operational capacity of any applicant.

Public bodies, Member State organisations, international organisations and entities active in cultural and creative sectors that have received over 50% of their annual revenue from public sources over the last two years are exempted from the operational capacity check.

Exclusion

Applicants which are subject to an **EU exclusion decision** or in one of the following **exclusion situations** that bar them from receiving EU funding can NOT participate⁹:

- bankruptcy, winding up, affairs administered by the courts, arrangement with creditors, suspended business activities or other similar procedures (including procedures for persons with unlimited liability for the applicant's debts)
- in breach of social security or tax obligations (including if done by persons with unlimited liability for the applicant's debts)

⁹ See Articles 138 and 143 of EU Financial Regulation [2024/2509](#).

- guilty of grave professional misconduct¹⁰ (including if done by persons having powers of representation, decision-making or control, beneficial owners or persons who are essential for the award/implementation of the grant)
- committed fraud, corruption, links to a criminal organisation, money laundering, terrorism-related crimes (including terrorism financing), child labour or human trafficking (including if done by persons having powers of representation, decision-making or control, beneficial owners or persons who are essential for the award/implementation of the grant)
- shown significant deficiencies in complying with main obligations under an EU procurement contract, grant agreement, prize, expert contract, or similar (including if done by persons having powers of representation, decision-making or control, beneficial owners or persons who are essential for the award/implementation of the grant)
- guilty of irregularities within the meaning of Article 1(2) of EU Regulation [2988/95](#) (including if done by persons having powers of representation, decision making- or control, beneficial owners or persons who are essential for the award/implementation of the grant)
- created under a different jurisdiction with the intent to circumvent fiscal, social or other legal obligations in the country of origin or created another entity with this purpose (including if done by persons having powers of representation, decision-making or control, beneficial owners or persons who are essential for the award/implementation of the grant)
- intentionally and without proper justification resisted¹¹ an investigation, check or audit carried out by an EU authorising officer (or their representative or auditor), OLAF, the EPPO, or the European Court of Auditors.

Applicants will also be rejected if it turns out that¹²:

- during the award procedure they misrepresented information required as a condition for participating or failed to supply that information
- they were previously involved in the preparation of the call and this entails a distortion of competition that cannot be remedied otherwise (conflict of interest).

8. Evaluation and award procedure

The proposals will have to follow the **standard submission and evaluation procedure** (one-stage submission + one-step evaluation).

An **evaluation committee** (assisted by independent outside experts) will assess all applications. Proposals will first be checked for formal requirements (admissibility, and eligibility, *see sections 5 and 6*). Proposals found admissible and eligible will be evaluated (for each topic) against the operational capacity and award criteria (*see sections 7 and 9*) and then ranked according to their scores.

¹⁰ Professional misconduct includes: violation of ethical standards of the profession, wrongful conduct with impact on professional credibility, false declarations/misrepresentation of information, participation in a cartel or other agreement distorting competition, violation of IPR, attempting to influence decision-making processes or obtain confidential information from public authorities to gain advantage.

¹¹ 'Resisting an investigation, check or audit' means carrying out actions with the goal or effect of preventing, hindering or delaying the conduct of any of the activities needed to perform the investigation, check or audit, such as refusing to grant the necessary access to its premises or any other areas used for business purposes, concealing or refusing to disclose information or providing false information.

¹² See Article 143 EU Financial Regulation [2024/2509](#).

For proposals with the same score (within a topic) a **priority order** will be determined according to the following approach:

Successively for every group of *ex aequo* proposals, starting with the highest scored group, and continuing in descending order:

- 1) Projects focusing on a theme that is not otherwise covered by higher ranked projects will be considered to have the highest priority.
- 2) The *ex aequo* proposals within the same topic will be prioritised according to the scores they have been awarded for the award criterion 'Relevance'. When these scores are equal, priority will be based on their scores for the criterion 'Dissemination'. When these scores are equal, priority will be based on their scores for the criterion 'Quality of content and activities'.
- 3) If this does not allow to determine the priority, a further prioritisation can be done by considering the overall project portfolio and the creation of positive synergies between projects, or other factors related to the objectives of the call. These factors will be documented in the panel report.
- 4) After that, the remainder of the available call budget will be used to fund projects across the different topics in order to ensure a balanced spread of the geographical and thematic coverage and while respecting to the maximum possible extent the order of merit based on the evaluation of the award criteria.

All proposals will be informed about the evaluation result (**evaluation result letter**). Successful proposals will be invited for grant preparation; other ones will be put on the reserve list or rejected.

 No commitment for funding — Invitation to grant preparation does NOT constitute a formal commitment for funding. We will still need to make various legal checks before grant award: *legal entity validation, financial capacity, exclusion check, etc.* These checks also include the eligibility of costs.

Grant preparation will involve a dialogue in order to fine-tune technical or financial aspects of the project and may require extra information from your side. It may also include adjustments to the proposal to address recommendations of the evaluation committee or other concerns. The outcome of this dialogue, whether operational or financial, cannot put into question the decision to enter Grant preparation or breach the principle of equal treatment. Compliance will be a pre-condition for signing the grant.

If you believe that the evaluation procedure was flawed, you can submit a **complaint** (following the deadlines and procedures set out in the evaluation result letter). Please note that notifications which have not been opened within 10 days after sending will be considered to have been accessed and that deadlines will be counted from opening/access (see also [Funding & Tenders Portal Terms and Conditions](#)). Please also be aware that for complaints submitted electronically, there may be character limitations.

9. Award criteria

The **award criteria** for this call are as follows:

1. Relevance (30 points):

This criterion will take into account the extent to which the proposal:

- is relevant to the objectives and priorities of the call
- is based on a sound needs analysis

- has a European added value/dimension
- has innovative aspects
- addresses the EU Overarching Priorities of digital transition, EU greening efforts, inclusion and gender equality and international relations.

2. Quality of content and activities (30 points):

This criterion will take into account the extent to which:

- the proposed concept and methodology are appropriate for achieving the project's objectives
- the project design and workplan are consistent and coherent with one another
- the partnership demonstrates a genuine history of collaboration and integration of new partners to develop the project. Each organisation contributes with specific expertise to the project and collectively they collaborate appropriately with each other and in a balanced way
- the target groups and audiences will benefit concretely from the project.

3. Project management (20 points):

This criterion will take into account the extent to which:

- the project includes effective mechanisms for coordination between the participating organisations and proposes an appropriate governance structure (including effective communication within the consortium)
- the project involves the appropriate project teams, staff and outside resources to successfully implement the work packages
- the budget is cost effective and allocates appropriate resources to each activity (sufficient/appropriate budget for proper implementation; best value for money)
- the costs in the detailed budget table are clearly based on real costs in the organisations involved and linked to the activities listed in the work packages
- the measures planned to ensure project implementation are appropriate (including management, risk management, quality assurance and control, planning, monitoring and evaluation).

4. Dissemination (20 points):

This criterion will take into account the extent to which the proposal:

- the project generates short-, medium- and long-term effects
- the project includes concrete steps to ensure the sustainability of the project and its capacity to continue having an impact after the end
- the communication and dissemination activities have the potential to reach and positively impact the target groups and the relevant stakeholders, as well as the general public; and foresee visibility of the EU grant.

Award criteria	Minimum pass score	Maximum score
Relevance	15	30
Quality of content and activities	15	30
Project management	10	20
Dissemination	10	20
Overall (pass) scores	70	100

Maximum points: 100 points.

Individual thresholds per criterion: 15/30, 15/30, 10/20 and 10/20 points.

Overall threshold: 70 points.

Proposals that pass the individual thresholds AND the overall threshold will be considered for funding – within the limits of the available budget (i.e. up to the budget ceiling). Other proposals will be rejected.

10. Legal and financial set-up of the Grant Agreements

If you pass evaluation, your project will be invited for grant preparation, where you will be asked to prepare the Grant Agreement together with the EU Project Officer.

This Grant Agreement will set the framework for your grant and its terms and conditions, in particular concerning deliverables, reporting and payments.

The Model Grant Agreement that will be used (and all other relevant templates and guidance documents) can be found on [Portal Reference Documents](#).

Starting date and project duration

The project starting date and duration will be fixed in the Grant Agreement (*Data Sheet, point 1*). Normally the starting date will be after grant signature. A retroactive starting date can be granted exceptionally for duly justified reasons – but never earlier than the proposal submission date.

Project duration: see section 6 above.

Milestones and deliverables

The milestones and deliverables for each project will be managed through the Portal Grant Management System and will be reflected in Annex 1 of the Grant Agreement.

Examples of work-packages, activities and deliverables that proposals might include (non-exhaustive list):

Work Package:	Management, administration and coordination This work package could group activities related to the planning, management, administration, coordination and evaluation of the project.
----------------------	---

Typical activities (non-exclusive):	For example: Planning & preparation, meetings (offline and online to promote eco-sustainability), evaluation, quality control, coordination activities, preparation of reports, monitoring of gender equality and diversity throughout the project etc.
Typical deliverables (non-exclusive):	For example: Agenda or minutes of meetings, evaluation and/or quality control reports, conception / planning reports, gender equality and diversity mapping report, memorandum of understanding on eco-sustainability in project implementation etc.

Work Package:	Communication and dissemination This work package could group communication and dissemination activities aiming at ensuring visibility of the activities of the project and a wide dissemination of its results.
Typical activities (non-exclusive):	For example: Communication/dissemination campaigns, promotional events, production of communication/dissemination material, etc. Use of gender-sensitive language and ecological awareness messages in communication activities, use of interfaces to allow access to people with disabilities.
Typical deliverables (non-exclusive):	For example: Communication plan/strategy, website, newsletters, publications/ brochure (digital and using recycled paper), social media posts, banner, gadgets, branding, statistical analysis of website, public relationship and presentation speeches, press reviews, etc.

Example of work packages, activities and deliverables for the **implementation** phase of the project include (non-exhaustive list):

Work Package:	Artistic and creative expression This/these work package(s) could group cultural, artistic and other creative activities.
Typical activities (non-exclusive):	For example: Rehearsals, preparation and artistic coordination of co-productions, co-creations, concerts, exhibitions, fairs, festivals, performances in eco-friendly venues, literary translations, circulation of works and/or repertoires, digitisation of cultural heritage material with open interfaces to allow access to people with disabilities, etc.
Typical deliverables (non-exclusive):	For example: Schedule/planning of rehearsals, photos of prototypes and original creative works (such as theatre piece, songs, artworks, concerts, etc.), technology-based products (original app, etc.), publications (as books, etc.), flyers/photos of exhibitions, digitalised material, etc.
Work Package:	Capacity building This work package could group diverse type of capacity building activities, including activities related to the circulation of European professionals and/or artists.

Typical activities (non-exclusive):	For example: Artistic residencies in eco-sustainable venues, apprenticeship activities, mentoring programmes, training courses, master classes, incubators programmes, etc.
Typical deliverables (non-exclusive):	For example: Schedule of mentoring programmes (digital and with recycled paper), evaluation of training courses, mentoring course programme, presence lists, etc.

Work Package:	Networking and knowledge sharing This work package could group networking and knowledge sharing activities, including policy/research/innovation activities for the cultural and creative sectors.
Typical activities (non-exclusive):	For example: Conferences, workshops, symposia, seminars (all in eco-sustainable venues), research, studies, policy analysis, surveys, laboratories, market access activities, etc.
Typical deliverables (non-exclusive):	For example: Programme/agenda of conferences, presence list of workshops, conference conclusions/reports, analysis of surveys, study papers, policy papers etc (digital or using recycled paper).

Additional work packages may be added.

Form of grant, funding rate and maximum grant amount

The grant parameters (*maximum grant amount, funding rate, total eligible costs, etc*) will be fixed in the Grant Agreement (*Data Sheet, point 3 and art 5*).

- For CREA-CULT-2025-COOP-1 European Cooperation Projects (Small Scale): maximum EU grant amount **EUR 200 000** per project.
- For CREA-CULT-2025-COOP-2 European Cooperation Projects (Medium Scale): maximum EU grant amount **EUR 1 000 000** per project.
- For CREA-CULT-2025-COOP-3 European Cooperation Projects (Large Scale): maximum EU grant amount **EUR 2 000 000** per project.

The grant will be a lump sum grant. This means that it will reimburse a fixed amount, based on a lump sum or financing not linked to costs. The amount will be fixed by the granting authority on the basis of the estimated project budget and a funding rate of:

- For CREA-CULT-2025-COOP-1 European Cooperation Projects (Small Scale): funding rate of maximum **80%**.
- For CREA-CULT-2025-COOP-2 European Cooperation Projects (Medium Scale): funding rate of maximum **70%**.
- For CREA-CULT-2025-COOP-3 European Cooperation Projects (Large Scale): funding rate of maximum **60%**.

Budget categories and cost eligibility rules

The budget categories and cost eligibility rules are fixed in the Grant Agreement (*Data Sheet, point 3, art 6 and Annex 2*).

Budget categories for this call:

- Lump sum contributions¹³

Specific cost eligibility rules for this call:

- the lump sum amount must be calculated in accordance with the methodology set out in the lump sum decision and using the detailed budget table provided
- the lump sum calculation should respect the following conditions:
 - for lump sums based on estimated project budgets: the estimated budget must comply with the basic eligibility conditions for EU actual cost grants (see [AGA – Annotated Grant Agreement, art 6](#))
 - for lump sums based on estimated project budgets: costs for financial support to third parties: can be included in the detailed budget table for grants or prizes; maximum amount per third party EUR 60 000

Please note in particular:

- The detailed budget can include only costs relating to eligible activities and must be based on the real costs in the organisations involved (e.g. employment the costs of services / fees etc)
- Volunteer costs are not eligible
- Travel accommodation and subsistence costs need to be based on the [Commission Decision](#)
- Costs relating to the work of Associated Partners and those benefiting artists and professionals in ineligible countries are not eligible
- other:
 - Grant holders meeting: costs for grant holders meeting organised by the granting authority are eligible (travel costs for maximum 1 person, return ticket to Brussels and accommodation up to two nights).

Reporting and payment arrangements

The reporting and payment arrangements are fixed in the Grant Agreement (*Data Sheet, point 4 and art 21 and 22*).

After grant signature, you will normally receive a **prefinancing** to start working on the project (float of normally **80%** of the maximum grant amount; exceptionally less or no prefinancing). The prefinancing will be paid 30 days from entry into force/financial guarantee (if required) — whichever is the latest.

There will be no interim payments.

Payment of the balance: At the end of the project, we will calculate your final grant amount. If the total of earlier payments is higher than the final grant amount, we will ask you (your coordinator) to pay back the difference (recovery).

All payments will be made to the coordinator.

¹³ [Decision](#) of 26 May 2021 authorising the use of lump sums for actions under the Creative Europe Programme.

 Please be aware that payments will be automatically lowered if one of your consortium members has outstanding debts towards the EU (granting authority or other EU bodies). Such debts will be offset by us – in line with the conditions set out in the Grant Agreement (*see art 22*).

Please also note that you are responsible for keeping records on all the work done.

Prefinancing guarantees

If a prefinancing guarantee is required, it will be fixed in the Grant Agreement (*Data Sheet, point 4*). The amount will be set during grant preparation and it will normally be equal to or lower than the prefinancing for your grant.

The guarantee should be in euro and issued by an approved bank/financial institution established in an EU Member State. If you are established in a non-EU country and would like to provide a guarantee from a bank/financial institution in your country, please contact us (this may be exceptionally accepted, if it offers equivalent security).

Amounts blocked in bank accounts will NOT be accepted as financial guarantees.

Prefinancing guarantees are normally requested from the coordinator, for the consortium. They must be provided during grant preparation, in time to make the prefinancing (scanned copy via Portal AND original by post).

If agreed with us, the bank guarantee may be replaced by a guarantee from a third party.

The guarantee will be released at the end of the grant, in accordance with the conditions laid down in the Grant Agreement (*art 23*).

Certificates

Depending on the type of action, size of grant amount and type of beneficiaries, you may be requested to submit different certificates. The types, schedules and thresholds for each certificate are fixed in the Grant Agreement (*Data Sheet, point 4 and art 24*).

Liability regime for recoveries

The liability regime for recoveries will be fixed in the Grant Agreement (*Data Sheet point 4.4 and art 22*).

For beneficiaries, it is one of the following:

- limited joint and several liability with individual ceilings – *each beneficiary up to their maximum grant amount*
 - unconditional joint and several liability – *each beneficiary up to the maximum grant amount for the action*
- or
- individual financial responsibility – *each beneficiary only for their own debts*.

In addition, the granting authority may require joint and several liability of affiliated entities (with their beneficiary).

Provisions concerning the project implementation

IPR rules: *see Model Grant Agreement (art 16 and Annex 5)*:

- different rights of use of the granting authority on materials, documents and information received for policy, information, communication, dissemination and

publicity purposes: Yes

Communication, dissemination and visibility of funding: *see Model Grant Agreement (art 17 and Annex 5):*

- additional communication and dissemination activities: Yes
- special logos: Yes

Specific rules for carrying out the action: *see Model Grant Agreement (art 18 and Annex 5):* n/a

Other specificities

n/a

Non-compliance and breach of contract

The Grant Agreement (chapter 5) provides for the measures we may take in case of breach of contract (and other non-compliance issues).

 For more information, see [AGA – Annotated Grant Agreement](#).

11. How to submit an application

All proposals must be submitted directly online via the Funding & Tenders Portal Electronic Submission System. Paper applications are NOT accepted.

Submission is a **2-step process**:

a) create a user account and register your organisation

To use the Submission System (the only way to apply), all participants need to [create an EU Login user account](#).

Once you have an EU Login account, you can [register your organisation](#) in the Participant Register. When your registration is finalised, you will receive a 9-digit participant identification code (PIC).

b) submit the proposal

Access the Electronic Submission System via the Topic page in the [Search Funding & Tenders](#) section (or, for calls sent by invitation to submit a proposal, through the link provided in the invitation letter).

Submit your proposal in 4 parts, as follows:

- Part A includes administrative information about the applicant organisations (future coordinator, beneficiaries, affiliated entities and associated partners) and the summarised budget for the proposal. Fill it in directly online
- Part B (description of the action) covers the technical content of the proposal. Download the mandatory word template from the Submission System, fill it in and upload it as a PDF file
- Part C containing additional project data. To be filled in directly online
- Annexes (*see section 5*). Upload them as PDF file (single or multiple depending on the slots). Excel upload is sometimes possible, depending on the file type.

The proposal must keep to the **page limits** (see *section 5*); excess pages will be disregarded.

Documents must be uploaded to the **right category** in the Submission System otherwise the proposal might be considered incomplete and thus inadmissible.

The proposal must be submitted **before the call deadline** (see *section 4*). After this deadline, the system is closed and proposals can no longer be submitted.

Once the proposal is submitted, you will receive a **confirmation e-mail** (with date and time of your application). If you do not receive this confirmation e-mail, it means your proposal has NOT been submitted. If you believe this is due to a fault in the Submission System, you should immediately file a complaint via the [IT Helpdesk webform](#), explaining the circumstances and attaching a copy of the proposal (and, if possible, screenshots to show what happened).

Details on processes and procedures are described in the [Online Manual](#). The Online Manual also contains the links to FAQs and detailed instructions regarding the Portal Electronic Exchange System.

Guidance on the use of generative AI tools for the preparation of the proposal

When considering the use of generative artificial intelligence (AI) tools for the preparation of the proposal, it is imperative to exercise caution and careful consideration. The AI-generated content should be thoroughly reviewed and validated by the applicants to ensure its appropriateness and accuracy, as well as its compliance with intellectual property regulations. Applicants are fully responsible for the content of the proposal (even those parts produced by the AI tool) and must be transparent in disclosing which AI tools were used and how they were utilised.

Specifically, applicants are required to:

- Verify the accuracy, validity, and appropriateness of the content and any citations generated by the AI tool and correct any errors or inconsistencies.
- Provide a list of sources used to generate content and citations, including those generated by the AI tool.
- Double-check citations to ensure they are accurate and properly referenced.
- Be conscious of the potential for plagiarism where the AI tool may have reproduced substantial text from other sources. Check the original sources to be sure you are not plagiarizing someone else's work.
- Acknowledge the limitations of the AI tool in the proposal preparation, including the potential for bias, errors, and gaps in knowledge.

12. Help

As far as possible, ***please try to find the answers you need yourself***, in this and the other documentation (we have limited resources for handling direct enquiries):

- [Online Manual](#)
- Topic Q&A on the Topic page (for call-specific questions in open calls; not applicable for actions by invitation)
- [Portal FAQ](#) (for general questions).

Please also consult the Topic page regularly, since we will use it to publish call updates. (For invitations, we will contact you directly in case of a call update).

Contact

[Creative Europe Desks](#) are in place in every country participating in the programme to support potential applicants in identifying partners from other countries.

For individual questions on the Portal Submission System, please contact the [IT Helpdesk](#).

Non-IT related questions should be sent to the following email address: eacea-creative-europe-cooperationprojects@ec.europa.eu.

Please indicate clearly the reference of the call and topic to which your question relates (*see cover page*).

13. Important

IMPORTANT

- **Don't wait until the end** — Complete your application sufficiently in advance of the deadline to avoid any last minute **technical problems**. Problems due to last minute submissions (*e.g. congestion, etc*) will be entirely at your risk. Call deadlines can NOT be extended.
- **Consult** the Portal Topic page regularly. We will use it to publish updates and additional information on the call (call and topic updates).
- **Funding & Tenders Portal Electronic Exchange System** — By submitting the application, all participants **accept** to use the electronic exchange system in accordance with the [Portal Terms & Conditions](#).
- **Registration** — Before submitting the application, all beneficiaries, affiliated entities and associated partners must be registered in the [Participant Register](#). The participant identification code (PIC) (one per participant) is mandatory for the Application Form.
- **Consortium roles** — When setting up your consortium, you should think of organisations that help you reach objectives and solve problems.

The roles should be attributed according to the level of participation in the project. Main participants should participate as **beneficiaries** or **affiliated entities**; other entities can participate as associated partners, subcontractors, third parties giving in-kind contributions. **Associated partners** and third parties giving in-kind contributions should bear their own costs (they will not become formal recipients of EU funding). **Subcontracting** should normally constitute a limited part and must be performed by third parties (not by one of the beneficiaries/affiliated entities). Subcontracting going beyond 30% of the total eligible costs must be justified in the application.

- **Coordinator** — In multi-beneficiary grants, the beneficiaries participate as consortium (group of beneficiaries). They will have to choose a coordinator, who will take care of the project management and coordination and will represent the consortium towards the granting authority. In mono-beneficiary grants, the single beneficiary will automatically be coordinator.
- **Affiliated entities** — Applicants may participate with affiliated entities (i.e. entities linked to a beneficiary which participate in the action with similar rights and obligations as the beneficiaries, but do not sign the grant and therefore do not become beneficiaries themselves). They will get a part of the grant money and must therefore comply with all the call conditions and be validated (just like beneficiaries); but they do not count towards the minimum eligibility criteria for consortium composition (if any).
- **Associated partners** — Applicants may participate with associated partners (i.e. partner organisations which participate in the action but without the right to get grant money). They participate without funding and therefore do not need to be validated.
- **Consortium agreement** — For practical and legal reasons it is recommended to set up internal arrangements that allow you to deal with exceptional or unforeseen circumstances (in all cases, even if not mandatory under the Grant Agreement). The consortium agreement also gives you the possibility to redistribute the grant money according to your own consortium-internal principles and parameters (for instance, one beneficiary can reattribute its grant money to another beneficiary). The consortium agreement thus allows you to customise the EU grant to the needs inside your consortium and can also help to protect you in case of disputes.

- **Balanced project budget** — Grant applications must ensure a balanced project budget and sufficient other resources to implement the project successfully (*e.g. own contributions, income generated by the action, financial contributions from third parties, etc*). You may be requested to lower your estimated costs, if they are ineligible (including excessive).
 - **Completed/ongoing projects** — Proposals for projects that have already been completed will be rejected; proposals for projects that have already started will be assessed on a case-by-case basis (in this case, no costs can be reimbursed for activities that took place before the project starting date/proposal submission).
 - **No-profit rule** — Grants may NOT give a profit (i.e. surplus of revenues + EU grant over costs). This will be checked by us at the end of the project.
 - **No cumulation of funding/no double funding** — It is strictly prohibited to cumulate funding from the EU budget (except under 'EU Synergies actions'). Outside such Synergies actions, any given action may receive only ONE grant from the EU budget and cost items may under NO circumstances be declared under two EU grants. If you would like to nonetheless benefit from different EU funding opportunities, projects must be designed as different actions, clearly delineated and separated for each grant (without overlaps).
 - **Combination with EU operating grants** — Combination with EU operating grants is possible, if the project remains outside the operating grant work programme and you make sure that cost items are clearly separated in your accounting and NOT declared twice (see [AGA – Annotated Grant Agreement, art 6.2.E](#)).
- **Multiple proposals** –
- Applicants cannot submit more than one proposal under this call. Multiple proposals will be rejected.
 - **Resubmission** — Proposals may be changed and re-submitted until the deadline for submission.
 - **Rejection** — By submitting the application, all applicants accept the call conditions set out in this this Call Document (and the documents it refers to). Proposals that do not comply with all the call conditions will be **rejected**. This applies also to applicants: All applicants need to fulfil the criteria; if any one of them doesn't, they must be replaced or the entire proposal will be rejected.
 - **Cancellation** — There may be circumstances which may require the cancellation of the call. In this case, you will be informed via a call or topic update. Please note that cancellations are without entitlement to compensation.
 - **Language** — You can submit your proposal in any official EU language (project abstract/summary should however always be in English). For reasons of efficiency, we strongly advise you to use English for the entire application. If you need the call documentation in another official EU language, please submit a request within 10 days after call publication (for the contact information, see *section 12*).

- **Transparency** — In accordance with Article 38 of the [EU Financial Regulation](#), information about EU grants awarded is published each year on the [Europa website](#).

This includes:

- beneficiary names
- beneficiary addresses
- the purpose for which the grant was awarded
- the maximum amount awarded.

The publication can exceptionally be waived (on reasoned and duly substantiated request), if there is a risk that the disclosure could jeopardise your rights and freedoms under the EU Charter of Fundamental Rights or harm your commercial interests.

- **Data protection** — The submission of a proposal under this call involves the collection, use and processing of personal data. This data will be processed in accordance with the applicable legal framework. It will be processed solely for the purpose of evaluating your proposal, subsequent management of your grant and, if needed, programme monitoring, evaluation and communication. Details are explained in the [Funding & Tenders Portal Privacy Statement](#).
